PROFESSIONAL SUMMARY

Software Developer experienced in building end-to-end web platforms for learning, training, assessment, and visualization — from architecting features from scratch to shipping polished, production-ready interfaces. Proficient in React.js for frontend development and NestJS for backend services, with hands-on expertise in SAML/SSO integration, authentication workflows, learning management systems, and subscription-based platforms.

TECHNICAL SKILLS

Frontend	React.js, Next.js (Basics), JavaScript, HTML5, CSS3, Tailwind CSS, Material UI (MUI), Bootstrap, jQuery, AJAX
Backend	NestJS, PHP, REST APIs
Database	SQL, PostgreSQL
Authentication	SAML, SSO, Authentication Workflows
Deployment	Shell Scripting, FTP
Tools	Git, GitHub, Photoshop

PROFESSIONAL EXPERIENCE

TCP International — Software Developer

July 8, 2024 – Present

- Develop web applications and application modules using React.js, Tailwind CSS, MUI, NestJS, and Next.js.
- Build frontend interfaces and reusable UI components using React.js, Tailwind CSS, and Material UI.
- Develop and integrate backend services and APIs using NestJS.
- Work on authentication and SSO workflows, including SAML configuration and integration.
- Develop and maintain learning management, subscription, skill assessment, and related application workflows.
- Develop features and modules from scratch based on project requirements.
- Perform debugging, issue analysis, and application improvements.
- Deploy and manage application builds using Shell scripting and FTP.
- Prepare technical documentation for configuration and integration processes.

KEY PROJECTS

MotoVisuals – Automotive Diagnostic & Training Visualization Platform

Interactive web-based platform designed to help automotive technicians and students understand vehicle systems, component operation, and diagnostic concepts through interactive animations and visual learning content.

CTI Online – Automotive E-Learning & Training Platform

Web-based learning management platform for automotive service professionals, providing technical training, ASE test preparation, interactive courses, assessments, practical simulations, subscription-based learning, and progress tracking.

SkillTracks – Personalized Automotive Learning & Skill Assessment Platform

Skill-based learning platform designed to assess automotive technicians' technical capabilities, identify skill gaps, and provide personalized learning paths and training recommendations based on assessment results.

Clinical Visuals – Medical Visualization & Patient Education Platform

Web-based platform developed from scratch for presenting medical conditions, procedures, and anatomical concepts through interactive visual content for healthcare professionals and patient education.

PREVIOUS EXPERIENCE

Sakthi Infotech, Erode — Web Developer *Concluded April 2024*

- Developed and maintained responsive websites and web pages using HTML, CSS, JavaScript, and PHP.
- Built and styled UI components and static page layouts for client projects.
- Collaborated with the design team and performed ongoing website maintenance and content updates.

Seismico Softech — Web Designing / Digital Marketing *March 2019 – July 2019*

- Supported web design and digital marketing initiatives, including page layout design and promotional content.

Atom Technologies — Frontend Development Course *January 2018 – August 2018*

- Completed structured training in frontend development fundamentals, including HTML, CSS, and JavaScript.

Eastern Silk Private Limited — Data Entry Operator *June 2017 – December 2017*

- Performed data entry, record management, and documentation tasks.

EDUCATION

B.Sc. Computer Science — Erode Arts and Science College, Rangampalayam, Erode, Tamil Nadu
66.88% — First Class with Distinction

Higher Secondary (XII) — Government Boys Higher Secondary School, Pallipalayam, Namakkal, Tamil Nadu — 76%
SSLC (X) — Government Boys Higher Secondary School, Pallipalayam, Namakkal, Tamil Nadu — 73%

ACHIEVEMENTS

- Winner in a debugging competition at an intra-college meet.
- Runner-up in a debugging competition at an inter-college meet.
